

The Online Innovation and Entrepreneurship Program

The University of Adelaide prides itself on being a world-class institution focused on discovering new knowledge, pursuing innovation and preparing tomorrow's leaders for workplace success. The Innovation and Entrepreneurship program is ideal for ambitious, dynamic professionals who want to make a mark and establish a legacy. Designed to inspire commercial creativity, this program helps students to build innovative ventures that impact markets and communities.

Program Details

Why choose our Innovation and Entrepreneurship program?

- 100% online format—study at any time, day or night
- AACSB accredited
- Complete your Masters in as few as two years or a Graduate Certificate in as few as six months
- Choose from four postgraduate options based on your desired level of education
- The same engaging curriculum and challenging coursework as our on-campus programs
- Connect with students and industry professionals across the world through our networking opportunities and community engagement initiatives

Admissions Requirements

Domestic and International Applicants

Candidates must provide the following items to be considered for admission to the MAIE program:

- An official transcript from each postsecondary institution attended, whether or not a degree was earned. All official transcripts must be certified by a Justice of the Peace (JP)*
- Proof of a completed degree, if proof of completion is not noted in the certified transcript
- Proof of English proficiency (if required)
- Completed and signed University of Adelaide application**

* A Justice of the Peace (JP) is someone of good stature in the community who is authorised to certify copies of original documents.

** For an application, contact an Admissions Advisor at 1800 855 699.

What You'll Learn

The Innovation and Entrepreneurship program delivers the knowledge and skills you need to:

- Assess and implement new ideas
- Create ambitious new ventures
- Develop entrepreneurial management practices
- Manage supportive environments that foster innovation
- Prepare for the economic, political and social challenges you may encounter
